Competition Format and Rules

Formato y reglas de la competencia / Format et règles de compétition

As of SAT 17 SEP 2018

Youth Olympic Competition Format

The Hockey5s competition at the Summer Youth Olympic Games Buenos Aires 2018 consists of Men's and Women's events. Both events have the same format and rules. In the preliminary round 12 teams are divided into two pools of six teams. Each team plays every other team in the pool (single round robin). To determine the final standings after the end of the preliminary round teams will play the finals and classification matches. The teams ranked first to fourth in each pool play in the quarterfinals, while the teams ranked fifth in each pool play in the classification match 9-10 and the teams ranked sixth in each pool play in the classification match 11-12. The winners of the quarterfinal matches play in the semifinals and the losers play in the classification 5-8 matches. The semifinal winners play in the gold medal match and the losers play in the bronze medal match. The winners of the classification 5-8 matches play in the classification match 5-6 and the losers in the classification match 7-8.

Differences between the Hockey Junior World Cup and the Summer Youth Olympic Games

The Hockey Junior World Cup is significantly different from the Youth Olympic Games. Both the men's and women's competitions are 16 team competitions (4 pools x 4 teams) in an 11 a-side format.

Changes since the Summer Youth Olympic Games Nanjing 2014

Match format has been changed to two periods of 10 minutes, with an interval of two minutes between periods.

Sport Rules and Procedures

Age categories

Only athletes aged from 15 to 18 on 31 December in the year of the competition (born between 1 January 2000 and 31 December 2003) may compete

Match Description

A match consists of two periods of 10 minutes, with an interval of two minutes between periods. The matches are played on a field which is 48 meters long by 31.76 meters wide.

The match is controlled by two umpires.

Of the nine players in the team only five may be on the field of play at any one time, the other four may be substituted as and when the manager deems fit and as often as the manager pleases (rolling substitution). Time is not stopped during the substitution procedure, except in the case of the substitution of a goalkeeper.

Players may only use the flat side of the stick to play the ball and, other than goalkeepers, may not use any part of their body to play the ball. Goalkeepers may use any part of their bodies to block the ball or push it away and in particular use their stick or feet to propel it.

Players may not use their body or stick to obstruct another player from attempting to play the ball. The ball may be lifted during open play providing there is no danger to other players. A free hit is awarded against the offending player for any breach of the rules. The player taking the free hit may take it quickly by moving off with the ball (self pass). A challenge is awarded for an offence by a defender, within the half of the court that they are defending, which prevents the probable scoring of a goal; or for an intentional offence by a defender, within the half of the court that they are defending, against an opponent who has possession of the ball or an opportunity to play the ball. An intentional foul by the goalkeeper during a challenge leads to the award of a penalty stroke. A penalty stroke is a one-on-one (attacker on goalkeeper) set play taken from a spot 6.4m in front of the goal with specific rules. The player taking the penalty may only push, scoop or flick the ball in this situation.

A card system is used to discipline players. A green card signifies a suspension for one minute; a yellow card a suspension for a minimum of two minutes (the maximum is at the umpire's discretion); and a red card signifies a suspension from at least the remainder of that match. Further penalties can be imposed by the Technical Delegate to a player shown a red card.

Scoring

The team scoring the most goals wins the match. At the completion of each match during pool play, three points will be awarded to the winner; one point will be awarded to each team in the event of a draw; zero points are awarded to the loser. Classification matches are single elimination.

Pool and final rankings (including Tie Break Rules and Procedures)

- Preliminary round, pool ranking:

Ranking in a pool during the preliminary round will be determined by the total number of points earned. If two or more teams are tied by points, ties will be broken as follows:

- (a) The highest total number of wins
- (b) The goal difference
- (c) The total number of goals scored

The teams that have not played a match will not be ranked.

Ranking in a pool at the end of the preliminary round will be determined by the total number of points earned. If two or more teams are tied by points, ties will be broken as follows:

- (a) The highest total number of wins
- (b) The goal difference
- (c) The total number of goals scored
- (d) If two teams remain tied, the result of the match played between those teams
- (e) The total number of field goals scored
- (f) If two teams remain tied, a challenge shoot-out competition between those teams will be held
- (g) If more than two teams remain tied, then a ranking based only upon the results (points earned) of the matches between these teams will be calculated. If they remain tied, the ties will be broken by (a), (b), (c), (d) and (e) above, based only upon the results of the matches between these teams.
- (h) If more than two teams remain tied, then each team will play a challenge shoot-out competition against the other teams in the same sequence of play as the order of play in the competition. This challenge shoot-out competition will consist of one round of five challenges to be taken by each team (compulsorily). The teams will be ranked based upon the results of the challenge shoot-out competition only, with three points awarded to the team that scored the highest number of goals; one point to each team if the number of goals scored is equal; and zero points to the team that scored the lowest number of goals. If they remain tied, the ties will be broken by points (a), (b), (c) and (d) above, as applied to goals recorded during the challenge shoot-out competition only.
- (i) If more than two teams remain tied after the above procedure, it shall be repeated until the teams can be ranked. The FIH Technical Delegate shall hold a draw to establish the sequence of play if further rounds of challenge shoot-outs are required.

Match tie-breaking

Pool-play matches may end in a draw, final round matches may not. If the score is tied at the end of a final round match, an outright winner will be established by a challenge shoot-out competition.

Penalties / Disqualification Rules

- Should a player, or more than one player, fail a drug test the case will be referred to the IOC to determine what penalty should be applied
- A player that receives a red card (permanent exclusion from the rest of a match) will have the case reviewed by the Technical Delegate. The Technical Delegate will convene a hearing and receive evidence from the incident(s) that led to the award of a red card and hear the player's submission/defence. The Technical Delegate will then determine an appropriate penalty. This can range from no further action to a suspension from playing. The length of any suspension will depend on the severity of the incident that led to the red card.

The Technical Delegate may review any situation during a match, whether it is something he notices or is brought to his attention.

- During the pool matches
 - (a) A team that is disqualified, refuses to play, or fails to complete a match will be deemed to have withdrawn from the tournament at that stage, and to have lost the match in question
 - (b) If a team withdraws from the tournament, any matches already played, as well as all matches scheduled to play, will be recorded as 5-0 losses, and that team shall be ranked last in the pool and in the tournament. The pool points table will be corrected accordingly.
 - (c) No goals will be awarded to any player in any matches played, or scheduled to be played, by the team that has withdrawn
- During the classification or finals matches
 - (a) A team that is disqualified, refuses to play, or fails to complete a match will be deemed to have withdrawn from the tournament at that stage, and to have lost the match in question
 - (b) The team will be ranked last in the tournament and will not receive any medals or trophies to which it was entitled, or retain any it had already received
 - (c) All teams ranked below the team at the time of the withdrawal will be advanced by one place in the final ranking. Where appropriate after such revision of the ranking, medals or trophies will be reallocated.
 - (d) No goals will be awarded to any player in any matches played, or scheduled to be played, by the team that has withdrawn

Protests / Appeals

Disputes shall be resolved in accordance with the FIH regulations and current rules. The Technical Delegate shall decide on matters before him/her in accordance with the FIH regulations and the current rules.
